

A warm welcome to all who came to our Church Worship this morning.

Today's offering is for:

NAD/Voice of Prophecy

The Sea of Galilee is a fresh body of water, because the Jordan River flows through it from north to south. The constant flow of the river keeps the waters of Galilee alive with fish and other creatures. On the other hand, the Dead Sea receives water from the Jordan, but has no outlet. Its waters stagnate and largely evaporate in the arid Israeli south, and nothing can live in it due to the lack of oxygen and extremely high saline condition. The Dead Sea is truly dead because there is no throughput. So - called "Christians" who have no throughput are dead. Only by constantly receiving and giving may we continue to be healthy Christians, receiving of the Lord, and then empowered by Him to be a blessing to others.
